

OTTAWA (AP)—A license has been issued for air service by Canadian Pacific Airlines between Vancouver, B.C., and Amsterdam, Netherlands, over an arctic route.

Development Committee To Meet on Feb. 28

Many Conferences Held by C of C to Lay Foundation

Now that most of the spadework has been completed, Feb. 28 has been set as the date for the first meeting of the Area Development Committee of the Chamber of Commerce.

Robert Terhune, the president of the Chamber, has made it plain that this committee's objectives are considered of "utmost importance to this entire area" and that every effort has been made to put a firm foundation under it before it starts on its multiple task.

Terhune, Walter Morrow, the committee chairman, and Glen Allen, the Chamber secretary, took steps to fill in the one big gap remaining in the background picture when they spent most of Thursday in Dayton talking with Edward E. Zimmer, the chief planner for the Dayton Chamber of Commerce's Area Development Committee.

Friday morning, after they came back and reviewed the conference of the day before, they announced the date for the committee meeting. However the place has not yet been selected.

INDICATIONS now are that there will be around 40 at this meeting. The committee itself is a bigger-than-usual one; besides it is to include the chairmen of virtually all of the other Chamber committees and representatives of the city and county governments and the schools.

The agenda (there is not going to be any program) for the meeting is now being drafted.

In laying the groundwork for this committee meeting, Chamber officials have talked with planners of the state organization, they have attended joint planning committee meetings for Franklin County and Columbus, they have conferred with specialists in area planning from Miami University's new graduate school course and Thursday they went over the whole problem with Zimmer at Dayton.

When Terhune, Morrow and Allen left the conference at Dayton, they gave Zimmer maps of the city and county, an outline of the area's resources, the utility services and rates, transportation and tax rates. These, he said he would study and analyze, with the help of a staff of specialists, and then come here to meet with the committee on Feb. 28.

Banker, 72, Dies

COLUMBUS (AP)—John Cole Stoddart, 72-year-old president of the Ohio State Federal Savings and Loan Assn., died yesterday after a week's illness.

Mainly About People

Miss Ruth Jones, a graduate of Bloomingburg High School, is the new deputy clerk in the Court House office of Mrs. Eloise Johnson, the county recorder. She succeeds Mrs. Wilma Ankrom who has taken a position in the offices of attorneys, Charles S. Hire and John Bath.

Taffy Woodfork, daughter of Mr. and Mrs. Harry Woodfork, of Bloomingburg, entered Memorial Hospital, Thursday, for observation and treatment.

Mrs. Enze Thompson was taken from her home in Jeffersonville, to Memorial Hospital, Thursday afternoon, in the Alvin G. Little ambulance. She is a medical patient.

Dianna Miller, daughter of Mr. and Mrs. Earl Miller of Greenfield, underwent a tonsillectomy in Memorial Hospital, Friday morning.

Calvin Thompson was taken from his home, 741 Dayton Avenue, to Memorial Hospital, Friday morning, in the Parrett ambulance. He is a patient for observation and treatment.

Mrs. Edward Johnston, the former Edna Brescoll, 1119 North North Street, entered Doctors Hospital, Columbus, Thursday where she is scheduled to undergo major surgery, Monday.

Elbert Click of London, was admitted to Springfield City Hospital, Monday, where he underwent foot surgery, Tuesday.

Mrs. Walter Billitt of Mt. Sterling, was admitted to Memorial Hospital Thursday afternoon as a medical patient.

Mr. and Mrs. Elza Woodruff and family, have moved from 634 Eastern Avenue, to their newly purchased home, 1002 South Main Street.

Richard Houser, infant son of Mr. and Mrs. Harry Houser, Route 1, Clarksburg, was admitted to Memorial Hospital, Thursday, as a medical patient.

Gary and Dudley Sponcell, sons of Mr. and Mrs. Ray Sponcell, Route 2, Leesburg, underwent tonsillectomies in Memorial Hospital, Friday morning.

Mrs. Fred Addy, 425 Rose Avenue, was taken to Memorial Hospital, Thursday about noon, in the Gerstner ambulance. She is a patient for observation and treatment.

Mr. and Mrs. Damon Merritt and son, Keith, have moved from the Creek Road, to their newly purchased farm, on the White Oak Road, near Bloomingburg.

Mrs. John Reno of Sabina, underwent surgery in Memorial Hospital, Friday morning. She was admitted Thursday afternoon.

Mr. Wayne Cox was taken from Memorial Hospital to his home in Jeffersonville, Thursday afternoon, in the Morrow ambulance. He had been a medical patient.

Mrs. Robert Beedy was released from Memorial Hospital to her home, 1128 North North Street, Thursday afternoon. She is recovering following surgery.

Sever-Williams Co. Completes School

The Sever-Williams Co. of Washington C. H. has completed the building of a new school in Columbus. A one-story eight-room building, which will house 320 grade school pupils, cost \$184,869. It was built on East Patterson Avenue at the site of the old Holy Name Church School. Designed by Floyd Glass, the school is fireproof, has indirect lighting and steam heat.

Another Reporter Put on by Court to Keep Trial Record

An additional court reporter has been engaged to help with the heavy duties of taking evidence in shorthand and typing transcripts in John Southward's murder trial.

He is E. H. Hammock, of Columbus, who is reported thoroughly experienced in this line of work. He is to be here during the duration of this trial.

The extensive amount of work due to the lengthy questioning of prospective jurors and the copying of all opinions rendered by the court, together with requests from attorneys for quick transcripts of testimony when it starts, led to the decision that Miss Mildred Smith, the regular court reporter, would require help since there would be much demand for copies of evidence, rulings and charges by the court, while she would be required in the court room taking notes of the regular proceedings.

Miss Smith and Hammock will take turns in the court room, one taking notes while the other types notes taken earlier.

Mrs. L. J. Swyers Dies In Hospital

Mrs. Louetta Justice Swyers, 77, died at 10 A. M. Thursday in Greene County Memorial Hospital in Xenia. She had been a patient there for a month.

A former resident of Madison County, she had lived for the past ten years with her son, Harold, of near Xenia. She is survived by one son, George, of Newport.

She also leaves four sisters, Mrs. Hazel Peters of Centralia, Wash., Mrs. Mabel Caton of Moses Lake, Wash., Mrs. Dora Grant of Chillicothe and Mrs. Ella Jolly of Greenfield; a brother, John Justice of Chillicothe; and 17 grandchildren and eight great-grandchildren.

Funeral services will be held at 2 P. M. Sunday in the Powers Funeral Home in Jamestown. Burial will be in the Paint Township Cemetery in Madison County near London.

Friends may call at the funeral home Saturday from 2 to 4 P. M. and from 7 to 9 P. M.

U. S. To Appeal Lattimore Case

WASHINGTON (AP)—The government announced today it will appeal the decision by Federal Judge Luther W. Youngdahl dismissing a new perjury indictment against Owen Lattimore.

Lattimore, controversial Far Eastern affairs specialist, was accused in the indictment of lying when he denied to a Senate committee that he had ever been a follower of the Communist line or a promoter of Red interests.

Judge Youngdahl in a decision Jan. 18 described the charges as "formless and obscure."

Homer C. Wolfe Dies In Texas at Age 70

Mrs. Sada Baker of 213 North Main Street, city, has received word of the death of her brother, Homer C. Wolfe, 70.

Mr. Wolfe died Wednesday in Kilgore, Tex., where he was superintendent of a part of the largest oil field in the world. He was a native of Good Hope.

Blessed Events

Mr. and Mrs. James Reese of Sabina, are the parents of an eight pound, eleven and one half ounce son, born at 7:25 P. M. Thursday, in Memorial Hospital.

Mr. and Mrs. Ernest Turner of Tampa, Florida, are announcing the birth of a son, Reed, January 24. Mr. and Mrs. James W. Turner, 725 Fairway Drive, are the paternal grandparents.

A daughter weighing six pounds, fourteen ounces, was born in Memorial Hospital, Thursday at 1:46 P. M., to Mr. and Mrs. Charles Morris, 906 Millwood Avenue.

Mr. and Mrs. Nelson Baker of Jeffersonville, are the parents of a daughter, weighing seven pounds, fourteen ounces, born in Memorial Hospital, Friday at 4:45 A. M.

Southward Trial

(Continued from Page One)
burg in Paint Township, was temporarily seated after she had answered all questions satisfactorily.

Willard McLean, farmer, was excused upon challenge by the defense; and Mrs. Margaret Clay, 912 East Market Street, employed at a service station, was seated to take his place after being questioned at considerable length.

The seventh peremptory challenge out of a possible 12 was then exercised when Mrs. C. E. Rhoad of the Leesburg Road was removed by the states attorneys. It was the fourth peremptory the state had exercised.

The next venireman to be called for questioning was Donald L. Moore, city, who operates a fruit market. He passed the test of all questions satisfactorily but expressed some concern that his business might be affected if he was called upon to serve as a juror. Attorney Herbert explained that only a critical situation in business would be considered a satisfactory excuse for not seating a juror and he was seated.

AT THIS POINT, with 12 jurors again seated, the defense exercised its fourth peremptory challenge to remove Willard Dice, a Jasper Township farmer who had been seated earlier.

C. E. Theobald, the last on the list of available veniremen in the second venire, was next to be examined. He stated he lived and conducted a general store in Green Township. He was excused for indicating that it would be difficult for him to render a decision which called for capital punishment.

Judge Case then announced that the list of veniremen had been exhausted and that the third venire of 50 names had been drawn with instructions for all such prospective jurors to be in the court room at 9 A. M. Friday. He then closed the afternoon session of court after again instructing all jurors seated not to discuss the case, listen to any comment upon it or read anything printed about it.

Judge Case also stated there would be no session of the court on Saturday.

Immediately after court was recessed until Friday morning, Judge Case and the attorneys on both sides went into conference in judges private office, upon a request by the defense counsel to be permitted to inspect the shotgun and the exploded shells which had played a part in the alleged murder.

Upon order of the judge, Sheriff

Dr. Sheppard Presses Case For Freedom

CLEVELAND (AP)—Counsel for Dr. Samuel H. Sheppard, seeking his release on bail, cited a second case yesterday in which bail was granted a person convicted of second-degree murder.

The court of appeals here has denied bail to Sheppard on grounds that he is excluded under Ohio law because of his life imprisonment sentence following a second degree murder conviction in the July 4 slaying of his pregnant wife. Sheppard is appealing the conviction.

The appellate court will hear a motion Monday by Sheppard's attorney, William J. Corrigan, asking the court to find its decision in conflict with two decisions of the Seventh District Court of Appeals in Mahoning County.

Corrigan, citing the second case yesterday, said Charles Robinson was released under \$15,000 bail after a second-degree murder conviction.

In his earlier citation, Corrigan contended Mrs. Betty Hawkins of Belmont County, also convicted of second degree murder in the slaying of her husband, was released under \$10,000 bond.

If the appellate court here finds conflicting decisions occurred, the issue would have to be settled by the Ohio Supreme Court. Corrigan said if the appellate court denies his motion, he will take the bail question directly to the Supreme Court.

Hays brought the gun and shells into the room and they were examined by the attorneys.

Judge Case then explained that it was customary in a case such as this for a request to be made, when the jury was complete, for the jury to be allowed to visit and inspect the scene of the alleged crime. He asked that the attorneys visit the house where Mrs. Southward was shot, in the meantime, so that when such a request was made, the attorneys would be able to advise the court whether there were any changed conditions on the premises since the time of the shooting.

'Toledo Slim' Held On Murder Count

CLEVELAND (AP)—A grand jury returned a first-degree murder indictment yesterday against Joseph Allen, alias "Toledo Slim," on the police "wanted list" for more than three years.

Police charged Allen, about 38, with the fatal shooting of two persons on Dec. 22, 1951, but only one slaying was covered in the indictment. Police said the victims were Willie Arnold, 41, who was killed in his sleep, and Berry Joiner, 35, shot on the street. The indictment mentioned only the Joiner slaying.

Turntable Helps Cramped Garage

CLEVELAND (AP)—Is backing the family car out of the garage a daily hazard for you?

It could be if your garage is one of those close-fitting ones, or if you have to back onto a busy street or highway.

And E. E. Woodman, a piano dealer for 20 years in suburban Lakewood, has invented an answer to the problem—a turntable you install just in front of your garage.

You drive the car onto the seven-inch high, revolving steel rack, get out and spin the rack, then back into the garage. It costs around \$350.

We Should Remember We're Not Self-Sufficient

We have heard it stated repeatedly here in our own community, have seen it printed by some writers and spoken by various individuals from many places over the nation, that the United States is economically self-sufficient.

Some tell us that everything we need in war or peace can be found right here in this country within our own borders. This would be a happy situation if it really existed, but it doesn't.

The fact is that just as some people feel they are self-sufficient and do not need help or even association with other people, there are many who feel the same way about our own country. This is unfortunate thinking. Just as it is often found out by individuals who sometimes learn that they need the association with other decent people even if only to maintain ability to see and think clearly and unselfishly.

Recently Secretary of Commerce Weeks pointed out some things that ought to make all of us remember that this nation does need many things from other lands.

He said, "Of the 38 important minerals

and metals vital to American production, the United States is self-sufficient in only nine. We cannot enjoy peace or wage war without adequate imports of the other 29, a large portion of which must come from overseas. We must be prepared to bring in essential raw materials by ship."

That isn't all. Foreign trade is a two-way street, and it's a busy thoroughfare in both directions. Great numbers of farmers and industrial workers depend, directly or indirectly, in whole or in part, on our exports for their jobs, markets and livelihood. Those foreign sales are vital to armies of people who may have never seen an ocean, and who live in the great mid-continent industrial and agricultural regions. And most of that traffic moves by ship, just as does the traffic imports.

Obviously, it would be potentially disastrous to depend on foreign merchant marines to provide the service — they could be lost to us at once in case of war. That's why we must keep a big and up-to-date American merchant marine plying the high seas.

You Want Climate Comfort?

By Hal Boyle

NEW YORK (AP)—The snow is falling once again, softening this harsh winter town with its white feathers.

Each passing year I enjoy snowfalls more, because they arrive by the free will of heaven and wear no man's label.

Mother Nature has been put in harness in so many ways by man that it still is pleasant to see the old girl kick up her heels and show she has a mind of her own.

Snowfalls and rain still have an emotional quality for mankind because they are still wild and free demonstrations of a massive power that yet lies beyond our ability to control.

But how long will this last? "Everybody talks about the weather, but nobody does anything about it," said an editorial in the Hartford Courant in 1890. So, Mark Twain didn't write it. His friend, Charles Dudley Warner did.

But the remark is no longer true. The trouble with the weather today is that too many people are trying to do something about it.

One of man's oldest dreams is the wish to control climate and the weather. It might be a fine thing to be able to make the Sahara Desert bloom, although you might get an argument from the people who live there and prefer

to keep their desert untamed.

It would be a fine thing also to avert the disasters caused by hurricanes, hailstorms, tornadoes and floods.

But there is considerable doubt that if man had the ability to muscle the weather around as he chose it would prove an unalloyed boon.

To begin with, the first nation that learned how to steer the weather would probably develop it first for war rather than peace. It is a weapon that could win the world.

"You other nations better do as we tell you," the nation with the big secret would say, "else we'll send you a 40-day rain that'll drown you and your crops and make Noah's flood look like a heavy dew."

"This isn't really a ridiculous concept. How many scientists do you think right now are working on the possibility of ultimately using the weather as a weapon?"

But even if this power were finally gained and employed for peaceful purposes, look at the turmoil it would cause. The summer vacationists would be howling for hot clear days so they could get a suntan, the farmers screaming for more rain to save their corn and wheat.

The long national quarrel over daylight saving time would be a bush-league hassle compared to the problem of what kind of weather to have and where and

when. Politicians would be

afraid to take a stand for either wet or dry, and national party platforms would contain only this noncommittal plank: "We stand four-square behind a program for a longer full moon."

But supposing they finally got so they could pinpoint the weather to please every group, make the rain fall in one block, the sun shine on the next. You might wake up some morning and read in your newspaper:

"In response to numerous requests, the mayor has arranged the first snowfall of the winter season tomorrow morning. It will be limited to the north side of the municipal park between the hours of 10 a. m. and 2 p. m. Six inches will be allowed to fall. Please bring your children early and avoid the rush."

Doesn't that sound dismaying? But the worst thing about a government-controlled climate is that it would completely ruin what is left of the art of conversation.

Why would anybody bother to say, "well, how do you like the weather?" if the weather were already custom tailored to suit you? You would take the weather for granted then, as you do electricity, now that it has been tamed and put in wires.

How long has it been since you heard anybody say, "well, how do you like the electricity today?"

Bad News for Wool Producers

By George Sokolsky

So much legislation is passed by Congress that the significance of some measures is missed at the time of passage. The effects of the act only become apparent in time. And often there are clauses and paragraphs which, in practice, mean more than hits the eye as it wanders through the verbiage of legislation. One such law is the National Wool Act of 1954, which opens the door to netitious procedures.

It is understood that the promoters of this act were L. M. Pexton of Denver and Robert Franklin who acted for the National Wool Growers Association.

The sheep industry, it is true, deteriorated before World War II, and during the war, with supplies cut off from Australia, there was a shortage which encouraged many to buy ranges and to grow sheep. Wool was protected by the tariff in the normal manner. When it became clear that under the Eisenhower administration it would be impossible to raise the tariff on wool and mohair because the trend of tariff legislation would be downward on the general basis of a "trade not aid" program, the wool growers turned to other means to protect their industry.

The plan was evolved to get special legislation to benefit wool and this was done in a manner which opens the door wide for bad practices that require further investigation by Congress. For instance, the price support on shorn wool is fixed not to exceed 110 percent of parity. Rigid price supports were generally regarded as high as 90 percent of parity, and Secretary of Agriculture Ezra Taft Benson considered this too high and labored valiantly for flexible price supports. These wool growers over-reached themselves by demanding and getting 10 percent of parity plus tariff protection.

But they go further than that. Section 708 opens the door to a check-off to trade associations

which, if it spreads, can be damaging to the American economy. Note the following:

"The Secretary of Agriculture is authorized to enter into agreements with, or to approve agreements entered into between, marketing cooperatives, trade associations, or members engaged or whose members are engaged in the handling of wool, mohair, sheep, or goats or the products thereof for the purpose of developing and conducting on a national, state, or regional basis advertising and sales promotion programs for wool, mohair, sheep, or goats or the products thereof."

This promotion fund can only be used after the Secretary of Agriculture has determined that a least two-thirds of the producers approve of such action. Now, hear that turkey growers are after such a fund and it will not be long before those interested in other commodities will be finding ways to do the same. It is bad legislation. In days before doles, check-offs, welfare fund royalties and similar devices were employed, this would be called "honest graft" for a trade association.

The National Wool Growers' Association in a pamphlet states, referring to "... a conference which president Ray W. Willoughby had with President Eisenhower" early in 1954 that "in that conference President Eisenhower made it very plain that the present administration would not sanction tariff increases. He stated that our nation could not afford to risk a possible misunderstanding over a matter of a few million dollars' increase in tariff which might nullify the billions now being spent for global defense of which no small part is international good will."

Several American industries find themselves in the same position as to wool-growers. This is true of lead and zinc, of watches, ceramic wares, wallboards, electrical equipment, etc. Such industries are already suffering, some severely, from the tariff policies of this administration.

Suppose each one of them followed the procedures of the National Wool Growers Association and went to Congress for a special act, providing not only price supports but a check-off for the trade association? We should have a National Zinc and Lead Act, a National Watches Act, etc., etc., and there would always be slick lawyers to add a novel clause which each would copy. It would not be long before price

supports would not only be provided for agriculture but for industry as well. The entire economy would be on a dole with check-offs for trade associations.

It is surely time for Congress to study these problems with some idea to scientific investigation rather than partisan advantage.

Polioed 'Mother' Son Get Degrees

CHICAGO (AP)—A mother and her 23-year-old son, a victim of polio for three years, were graduated yesterday from Loyola University.

Patrick O'Mara, sitting in a wheel chair, received his degree from the Very Rev. James T. Hussey, university president. O'Mara, big legs and one arm lifeless, completed his junior and senior work while bedridden.

His mother, Mrs. Nellie O'Mara, a high school mathematics teacher, was granted her master's degree in education. Present at the exercises was her husband Arthur, a high school principal.

\$5 Million Study Center Is Planned

CLEVELAND (AP)—Thompson Products, Inc., has announced plans for a \$5 million engineering study center to be built near its plant in suburban Euclid.

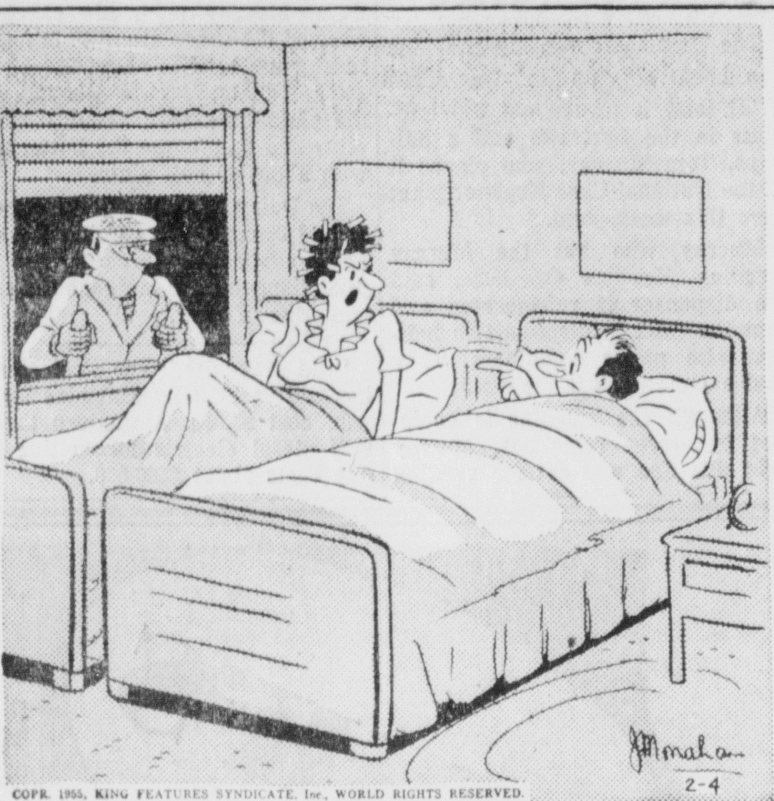

The company, which manufactures aircraft automotive and electronic parts, said yesterday construction on the project would begin next fall, and the entire center of five principal buildings would be completed by the end of 1958 "if business conditions permit." The project, planned to resemble a university development, will consolidate Thompson's research and engineering activities.

Some Farm Prices Show '54 Increase

WASHINGTON (AP)—An Agriculture Department report showed today that despite a general decline in farm product prices in 1954, returns farmers received for many commodities averaged higher than in 1953.

Farm prices as a whole averaged 5 per cent lower in 1954 than in 1953. But average prices received for

Baby Refuses Food To Catch Attention

By HERMAN N. BUNDESEN

Your baby probably is a lot smarter than you think.

Now it may seem like a pretty stupid trick to you for someone to refuse to eat. But often that is precisely what your baby does just to get a little more attention.

A Major Error

It's a big mistake to try to force your youngster to eat when he's not hungry, or to give him more food than he should have simply to make him gain weight quickly.

Frequently such a practice will lead to a lot of trouble.

The baby will resist your efforts. He will refuse to eat.

Incorrect Attitudes

Naturally, you aren't going to stand for that, are you? You'll scold him or you'll praise him in an effort to get him to eat. Either way you'll make a big fuss over him.

As I said, a baby is much wiser than most parents think. He will quickly sense that he gets a great deal of attention by not eating. And all babies like attention.

If your youngster has poor eating habits he will become increasingly difficult to handle as the years pass.

There's another reason you parents are sometimes to blame for your baby's refusal to eat certain foods. If you or any members of your family show a dislike for a particular food in the baby's presence, your youngster might decide then and there that he doesn't like it either.

Like Monkeys

Just remember that babies are quick to do things they see others do.

Even if your tot is too young to understand words, he can sense that you don't like some vegetable or other food if you wrinkle your nose or make a face while giving it to him.

Here, again, are a few rules to follow when feeding your baby:

Don't be anxious or worried if he refuses to eat or is slow in learning to take new foods.

Don't Force

Don't try to force him to eat any foods or give him too much at one time.

Don't shout, punish, scold or plead with him to eat.

Don't entertain him at meal-times by singing or talking to him or by any other means.

Don't do anything in his presence to show a dislike for any particular food.

Don't ask him whether he wants the food in a tone which invites refusal.

Don't give him dessert until he has eaten all of his other solid foods.

Try to make his mealtime a happy time. Tomorrow I'll tell you what to do if your baby does refuse to eat.

QUESTION AND ANSWER

L. H.: What would cause pain and soreness in the lower part of the back?

Answer: Pain in the lower part of the back may be the result of many and varied causes. It may be due to the presence of faulty, irregular or unusual muscular strain. Injuries to the spinal column also may cause this condition, as well as acute and chronic infections such as arthritis of the spine. Tumors involving the spine cause very severe pain in the back. Stomach conditions are sometimes the cause of pain in this location.

An examination should be made to determine the underlying cause and then intelligent steps may be taken to effect a cure.

'Real' Cleopatra Story Told

By Ray Tucker

WASHINGTON — The Egyptian Embassy here, which seeks to interpret for Americans the revolutionary Nasser regime's modernization of that ancient and biblical land, has now given a "new look" to an extremely misunderstood lady—Queen Cleopatra.

Egyptian historians blame our misconception of the so-called siren of the Nile on Roman and British detractors, who depicted her as a wicked enchantress rather than a wise and strong ruler. Hollywood, too, has accepted the old rather than the new characterization of Cleopatra, thus helping to perpetuate it.

Ohio Supreme Court Shuns Reds' Appeal

COLUMBUS (AP)—The Ohio Supreme Court has declined to review lower court rulings involving five witnesses charged with refusing to answer questions of the Un-American Activities Commission.

The five — Laverne Slagle, his wife, Olga Perry, Paul Bohus, Rose Mladajan and Eula Ann Cooper — were indicted by a Stark County grand jury for contempt of the commission. Charges stemmed from a hearing Oct. 21, 1953.

The charges were dismissed by common pleas court, but an appellate court overturned its ruling and returned the cases to the trial court for prosecution. The five appealed this decision.

The Ohio Racing Commission lost its effort to appeal Summit County court decisions granting Aspet Park track permission to operate in 1954.

Attorneys for the commission contended the decision was a test of the race group's authority to deny racing meet licenses.

The Supreme Court called for a new trial for Charles Robinson on charges arising from a 1952 shooting of a pedestrian, Pedro H. Vasquez near Youngstown.

Robinson was indicted for first degree murder, but convicted by three common pleas judges for second degree murder. An appellate court changed the conviction to first degree manslaughter and put him on probation. Robinson appealed the decision.

Village's Gifts To Aides Rapped

COLUMBUS (AP)—A state examiner today criticized expenditure of public funds for gifts of turkeys and beer for employees of Wyoming, a Cincinnati suburb.

The examiner listed the criticized expenditures totaling \$780 as "payments from public funds for purposes not authorized by law."

Also cited were "unauthorized expenditures" of \$391 turned up in an audit for the period between Nov. 4, 1950, and Oct. 23, 1952. Reports said that money went for "food, beer and buffet suppers for employees of the municipality."

Lad Fatally Burned

PIQUA (AP)—Fire which gutted a four-room home here yesterday fatally burned Jimmy Haines, 3. His sister, Susan, 2, was reported in critical condition. An exploding oil stove started the fire.

AN ANNOUNCEMENT

MR. GIB BIRELEY is now associated with us in the NEW & USED CAR DEPT.

Gib extends an invitation to all his friends to drop in and see him.

According to this latest version, which is set forth in an interesting embassy pamphlet, entitled "Egypt—the Youngest Republic in the World—6,000 Years Old," history's knowledge and judgment of Cleopatra have been based entirely on prejudiced Roman writings. They portrayed her as a naughty girl.

MALIGNED — As the British maligned Joan of Arc for political purposes, so the Roman writers blackened Cleopatra because two great Caesars fell for her charms, according to this new viewpoint. She was capitalizing on her feminine beauty in order to save Egypt from Roman conquest.

Here is how her new Egyptian etologist, almost 2,000 years after she died from the sting of an asp, describes one of history's most famous women:

"Rome was then trying to replace Athens, and it was inevitable that she should look with envious eyes on Egypt. When Julius Caesar came to power, there were on the throne of the

Two Lands (Egypt) two youngsters quarreling among themselves.

"There were the 13-year-old boy, Ptolemy XIV, and his sister, Cleopatra, who was about 18 years old. Though of necessity only passing reference can be made to Cleopatra, I must at least say that this poor woman has been discussed throughout the centuries primarily through the unjust propaganda of her enemies, the Romans."

QUEEN—In view of Egypt's still unresolved resentment toward 70 years of British hegemony, only recently terminated by the Suez Canal settlement, the following paragraphs have historical and literary significance:

"In our modern literature, she (Cleopatra) has been the victim of writers, who, in their turn, were influenced by Shakespeare and George Bernard Shaw.

"Cleopatra was neither the voluptuous woman nor the silky little kitten, seeking love in the arms of the Roman generals. She was the Queen of the Nile, who forced Rome to fear her.

"Sir Idris Bell, famous professor of Roman history at Oxford, agrees with Professor Tarn of Cambridge, foremost living authority on the Hellenistic Period, that Cleopatra was a woman of outstanding genius, and a worthy opponent of Rome; and that she has long been seen through the distorting medium of Roman propaganda.

"He says further that Rome, which has never condescended to fear any nation or people, did in its time fear two human beings. One was Hannibal, and the other was Cleopatra. Professor Bell believes that the greatest queen of Egypt was the youngest of all the successors of Alexander the Great."

AUDIENCE — The National Press Club at Washington has gone "egghead and intellectual," contrary to theatrical and television characterization of newspapermen as "roughnecks."

In 1954, the club sponsored 46 luncheon speakings in its ballroom, which will hold only about 450 comfortably. Only seven speakers attracted more than 500 listeners. Here they are, in the order of their drawing power:

Premier Mendes-France from Paris, 560; Chancellor Konrad Adenauer of Germany, 556; former President Truman, 553; Admiral Lewis Strauss, chairman of the Atomic Energy Commission, 525; Nathan M. Pusey, president of Harvard, 507; Robert R. Young, then fighting for control of the New York Central Railroad, 504.

The only floppers involved two politicians — Republican National Chairman Leonard W. Hall, and Stephen A. Mitchell, then Democratic national chairman. After hard plugging by club officers, they drew about 250.

Fast Comeback Is Shown By Some Business

Power Industry Hits All-Time High In Electrical Output

NEW YORK (AP)—Some lines of business have made such a good recovery from their earlier setback that they are beginning to push into new ground.

And the recovery is best today in some areas which only a year ago were the most worried.

The day's news file is spotted with such items. One of the most significant is the climb of electricity output last week to better than 10 billion kilowatt hours. It's the first time the power industry has ever hit such a mark. It puts electricity use 13 per cent above a year ago.

Home use of electricity is climbing, of course. But it was the industrial pickup that sent the utilities' sales to a new high. And Edison Electric Institute notes that the mark was achieved chiefly because the central industrial region was using a lot more power just now.

This region, extending from Pittsburgh to St. Louis and north through Michigan, is a concentration area of durable goods manufacture. Here in great number are the steel mills, the auto plants, the factories that turn out household appliances and farm machinery.

And the Federal Reserve Bank of Chicago points out that the industrial recovery in that area is outpacing the rest of the nation.

This was the region where the very spotty recession of 1953-54 was the most troublesome, where industrial output fell off the most, where unemployment was a big problem. Now, according to the bank, this area is leading the nation in recovery.

The big spur in car production is an old story by now. But General Motors adds one more note: In January it turned out 327,495 cars, compared with 211,756 in last year's opening month.

As a result of the big demand for some kinds of steel, output of the mills has been climbing. Reports are heard now that for some steel products gray markets are reappearing—people in a hurry are paying premium prices to get needed steel.

Copper shortages have not only sent the price up, but have developed some gray markets in that metal, too.

And now the commerce department is halting temporarily exports of refined copper and scrap copper.

A reversal of the inventory trend is showing up here and there. For more than a year most companies were set on cutting back their inventories. Recently most companies were reported to have inventories about where they wanted, and to have started buying normally.

Now, however, there are reports that some companies are building up inventories cautiously. The reason: Demand for metals has reached the point where mills can't supply them as promptly, so consumers are ordering ahead to avoid delays.

Another significant barometer that is pointing toward fairer weather is the total of business loans. They declined in January, is they do, but the Federal

Reserve Bank of New York notes that this year the drop was 260 million dollars, while a year ago it was 675 million. The smaller decline points to better business in the spring.

And the weather—no matter what you think of it—is a boon to many companies just now. The bitter winds made a sizeable dent in heating oil stocks, the American Petroleum Institute reports. Oilmen are happy, because these stocks have been running well above a year ago. For them, the colder the better.

People ask," Atkinson said, "what we would do if an enemy landed at some place like a little spot over on the coast."

In the first place, he said, "the enemy wouldn't be interested, and if he was we would just leave him there."

Atkinson said the military's mission is "not to defend all of Alaska" but to keep big installations

BASE, Alaska (AP)—An enemy attacking this northern stepping stone to the United States would face a tough tussle for big military bases and cities but he couldn't draw American forces into struggles over remote areas, top military commanders say.

This plan of defense of Alaska's tremendous territory—it's more than twice the size of Texas—was laid out in a news conference yesterday by Lt. Gen. Joseph H. Atkinson, commander in chief, Alaskan Defense Command. He was seconded by Maj. Gen. George R. Acheson, chief of the Alaskan Air Command, and Maj. Gen. James F. Collins, commander of Army forces.

"People ask," Atkinson said, "what we would do if an enemy landed at some place like a little spot over on the coast."

Matrons Cless All Day Meeting Held Thursday

Seventeen members of the Matrons Class of the Bloomingburg Presbyterian church assembled at the home of Mrs. Dean Cory for an all day meeting and one guest was included and Mrs. Simeral was the hostess.

The morning was spent in making quilts which was a project to raise money for the class.

A delicious covered dish luncheon was enjoyed at the noon hour and the dessert featured a birthday cake which honored Mrs. Lucille Creath and Miss Catherine Gosard.

The afternoon Mrs. Elmer Simeral opened the afternoon meeting with prayer and Mrs. Clarence Creath led in the combined devotions and program.

The theme used by Mrs. Creath was "All Mankind is Hungry" which she discussed in an article and she also read several passages from an heirloom Bible which was followed with prayer by Mrs. John Glenn.

Mrs. Creath also gave a brief sketch of Abraham Lincoln, and read the articles "Like a Mighty Army" and "The Way of the Lord." The meeting was closed with the class benediction and during the social hour the members resumed work on the quilts.

Mrs. John Glenn was an assisting hostess as was Mrs. Dean Cory.

Guild Circle Meets With Mrs. Alkire

The meeting of Circle 5 of Westminster Guild of First Presbyterian Church was held Thursday evening at the home of Mrs. Fulton Alkire, with thirteen members present.

Mrs. Robert Poppen, spiritual life chairman, conducted an interesting lesson study on the first two chapters of the Bible story "The New and Living Way," which pertains to the Epistle to the Hebrews.

Mrs. Walter Coil, circle leader, presided over the business session during which pledges were discussed.

THURSDAY, FEBRUARY 10
Regular luncheon held at Washington Country Club, 1 P. M.

Mrs. Robert Dunton, chairman, Mrs. C. D. Young and Mrs. Robert Link.

Gleaners Class of McNair Memorial Presbyterian Church meets with Mrs. Pannine Johnson, 7:30 P. M.

Recent Bride Is Honored At Shower

Mrs. David Coppock, nee Ruth Creamer, a recent bride, was honored at a miscellaneous shower, and covered dish dinner Thursday evening at the Fayette Grange Hall.

Miss Marie Marchant, Miss Gretchen Darlington and Mrs. Doris Diffendal, associates of the honor guest, who is employed in the auditor's office, were in charge of the arrangements for the delightful event and guests included were all associated with offices in the Court House.

Tables seating the guests for the sumptuous meal were arranged in a hollow square and the elaborate decorations were effectively carried out in pastel colors using long slender shower candles, which were used in combination with pastel colored anemones.

The tables were further enhanced with clever place cards featuring mint cups to which pastel colored miniature umbrellas were attached and streamers led to the attractive centerpieces.

Following a congenial dinner the honor guest opened her lovely array of gifts at a table in the hollow square over which a sprinkling can and a large umbrella was suspended and the centerpiece was a bride and groom, standing near a clever, "Chewing Gum House."

The invited guest list included: Miss Hattie Pinkerton, Miss Jean Everhart, Mrs. Robert Wientjes, Mrs. John Richards, Miss Lillie Henkle, Mrs. Charles Wagner, Miss Margaret Smith, Mrs. Herbert Cockerill, Mrs. Loren Bennett, Mrs. William Brown, Mrs. Glenn Griffith, Mrs. Richard Hughes, Mrs. David Six, Mrs. James McWilliams, Mrs. Charles Fabb, Mrs. Madison Swope, Mrs. Eloise Johnson, Mrs. David Ellis, Miss Ruth Jones, Mrs. David Ankrum, Miss Mildred Smith, Mrs. Jan Geisenhof, Mrs. Ulric Acton, Mrs. Robert West, Mrs. Cline Deere, Mrs. Ted Kline, Miss Jean West, Mrs. David Looker, Mrs. William Haines, Mrs. Ellis Bishop all of this community.

Mrs. Ray Creamer of Milledgeville, mother of the bride and Mrs. J. R. Coppock of Peebles, mother-in-law of the bride.

**DAR Members
Plan Meeting
On February 7**

Mrs. Ray French will entertain at the regular February meeting of the Washington Court House chapter Daughters of the American Revolution, Monday, February 7, at 2:30 P. M.

Mrs. Orrin D. Farquhar, will give a review of the book, "Miracle of the Hills," and delegates and alternates to the 56th State Conference and to the 64th Continental Congress will be elected.

Mrs. French will be assisted by the following hostesses, Mrs. C. L. Lewellen, Mrs. Q. A. Cheadle, Mrs. Loring Duff, Mrs. James E. Rose, Mrs. Thomas Hancock, Mrs. Byron Hinton, Mrs. Wilbur Hoppes, Mrs. George P. Aldrich, Mrs. James McWilliams, Miss Ann Robinson, Mrs. Hugh Perrill, Miss Bernice O'Brian, Mrs. Horatio K. Wilson, Miss Helen Hutson and Miss Bertha Townsley.

Gull Grabs Coin
LAGUNA BEACH, Calif. (AP) — Ted Berry was strolling along the beach flipping a silver dollar he had carried for 25 years as a good luck piece when a sea gull swooped down and plucked it out of the air. The last Berry saw of the coin it was headed for Santa Catalina Island in the gull's beak.

Nutritionists recommend that some animal protein be included in each meal. The following foods give about the same amount of animal protein: 1/2 cup cottage cheese; 3 ounces cheddar cheese; 2 1/4 cups milk; 3 ounces of cooked lean meat, poultry or fish; 3 medium-sized eggs.

Mr. and Mrs. Ray Brandenburg, Mr. and Mrs. Wayne Bower Mr. and Mrs. Dale Ward of this city, and Mr. and Mrs. William McCoy of Wilmington, returned Thursday from Chicago, where they were guests at the Conrad Hilton Hotel where the National Automobile Dealers Association convention was held. Mr. Brandenburg has been a national director of the association for the past three years.

Mr. and Mrs. William Turner motored to Catawba, Thursday to attend the funeral of Mr. Frank Meyers an uncle of Mrs. Turner.

Mrs. Minnette Y. Tritts left late Thursday evening by plane from Cincinnati for Miami, Florida, where she will spend the coming two weeks with her daughter, Mrs. Minnette Proctor, Mr. Proctor and daughter Minnette III and a son, Mr. Harold F. Tritts, and family. The trip is a gift to Mrs. Tritts from her son and daughter to spend her 90th birthday at their homes.

Mrs. Horatio Wilson, Mrs. Wilson, Webb and daughter, Karen, motored to Columbus, Friday to spend the day with Mrs. Richard Garrett and daughter, Karen Kay. The occasion was in celebration of Mrs. Garrett's birthday anniversary.

Mrs. Lucille Creath of Bloomingburg is spending the weekend in Mt. Sterling as the guest of her daughter, Mrs. Dale Pollock, Mr. Pollock and daughters, Diane and Susan.

**Mrs. Conaway
Is Honored At
Layette Shower**

Mrs. Norman Knisley and Mrs. Everett Wilson honored Mrs. George Conaway at a layette shower at the home of Mrs. Knisley Thursday evening.

Games were conducted during the early part of the evening by Mrs. Richard Curl, and awards won by Miss Cecilia Donahue and Mrs. Lonnie Price were in turn presented to the honor guest.

A small bassinnet pink and white centered the table where the lovely shower gifts were opened and graciously responded to.

Later refreshments were served by the hostesses which featured a sandwich and dessert course and the individual cakes were topped with miniature safety pins in pink and blue.

Favors for each guest were red and white polka dot diapers in miniature size.

Guests included here: Mrs. Dora Underwood, Mrs. Guy Underwood, Mrs. Lonnie Price, Mrs. Albert M. Donahue, Mrs. Albert A. Donahue, Mrs. Russell Pittfield, Mrs. Merritt Hoppes, Mrs. Homer Wilson Jr., Mrs. William Southern Jr., Mrs. Norman Kingery, Mrs. Richard Curl, Mrs. John Hendershot, Mrs. Frank Terrell, Mrs. Wanda Whaley, Mrs. James Ellars, Misses Opal Conaway, Pamela Caldwell, Cecilia Donahue, Janelle Donahue, and Kim Curl.

ONE OF the most revolutionary cars to appear on the American road in the past decade is revealed to the public at the Chicago Auto Show. Named the Futura, the experimental car is to be driven as a laboratory on wheels and will be subjected to all the hazards and conditions of road testing. The body was built in Turin, Italy, mounted to the chassis and shipped to Chicago for its world premiere. Powered by a V-8 engine, the Futura is nearly 19 feet long, 7 feet wide, 52 1/2 inches high and has a 126-inch wheelbase.

Mrs. Woodruff Is Hostess To Garden Club

The regular meeting of the Washington Garden Club was held at the home of Mrs. Elza Woodruff, Thursday evening, and it was combined with a Valentine party and notion sale, with eleven members present.

Mrs. Eugene Cook, president, called the meeting to order and read the poem "In A Garden."

The usual reports were heard and approved and Mrs. Edwin Hidy reported that some of the vases for flowers had been completed for Memorial Hospital, which is a project of the club.

The ways and means committee headed by Mrs. Thomas Mart-schinsky announced a party for February 21.

A conservation program to be held at the Dayton Power and Light club room for the general public to be sponsored by the club, was also announced.

The Spring Flower Show on April 22, was also discussed and the business session was closed.

The program, in charge of Mrs. Orville Hurt, consisted of a paper on "Fencing Flower Branches," in which she explained how branches are hammered and placed in tepid water over night, and arranged in containers until they are developed.

The members enjoyed a Valentine exchange and later, Mrs. Arthur Herbolzheimer was the auctioneer in a nation sale, which netted a tidy sum for the treasury.

During the social hour, Mrs. Woodruff was assisted by Mrs. Wayne Boswell in the serving of a tempting dessert course.

The next regular meeting at the home of Mrs. T. N. Willis, will feature a special project.

Preparing grapefruit halves for breakfast? As you cut pulp away from dividing membranes keep your small knife in an almost vertical position for best results.

869 Preparing To Be Teachers

COLUMBUS (AP)—R. M. Eymann, state director of education, has announced that 869 students, current-

ly enrolled in 25 Ohio colleges, are preparing for elementary teaching under the Ohio scholarship plan.

He said more than 300 students will complete their preparation for teaching in June and be ready to teach next September.

No Eagles Near Air Force Base

COLORADO SPRINGS, Colo. (AP)—This may disappoint the Air Force a bit, but that story about eagles nesting on Cathedral Rock just ain't so.

Air Secretary Talbott had mentioned a report at a news conference last week of eagles atop this dominant landmark of the new Air Force Academy site. He appeared pleased at the natural symbolism.

Newsmen hovered over the rock in a helicopter yesterday and found it barren of nests. But an odd formation at the east end of Cathedral Rock looks like a big nesting bird when viewed from certain points.

Player Tiff Fails To Slow Kentucky '5'

Ruppmen Chalk 87-63 Win Over Florida As Old Smoothness Shows

The Associated Press
Kentucky Coach Adolph Rupp has himself a vote of player confidence today, whether he needs it or not.

The controversy involving Linville Puckett, starting guard on the No. 1 team in the Associated Press college basketball poll, left some loose strings dangling. Particularly since his departure from the squad in a training rules squabble with Rupp—a gentleman who has not had much chance to learn how to lose—followed Georgia Tech's second upset of the Wildcats.

Puckett got off a parting shot about basketball being a matter of life or death on the Lexington campus. That left the question of whether Puckett was the only player out of step with Rupp.

The question was answered last night as Kentucky rolled over Florida 87-63 in what Rupp termed the Wildcats' best effort in a month.

Kentucky worked smoothly and with team finesse. It was 45-35 at the half and the Wildcats—who dropped both games to Georgia Tech at the foul line—hit on 27 of 33 free throw attempts.

Phil Grawmeyer led the assault with 20 points. Bob Burrow, just recovered from a sinus infection, chipped in 16, as did Captain Billy Evans.

Puckett's replacement Gayle Ross scored 12 in his first starting job. Jerry Bird, the other starter, also hit for 12.

All in all, a very neat job for Kentucky's 13th victory in 15 games.

Florida, incidentally, was fresh from an upset of Alabama, the Southeastern Conference leader. Kentucky is No. 2 in the league.

In other games, George Washington, No. 7 nationally, knocked off high-scoring Furman 76-71 after a scare; fifth-ranked Uth won 16 with an 81-49 job on Los Angeles State; and Dayton, No. 15, disposed of Murray (Ky.) State 49-45.

At New York's Madison Square Garden, Cincinnati had trouble but won its seventh straight, 87 over Seton Hall, and Manhattan ran its streak to nine, 6-1 over St. John's of Brooklyn.

Two upsets occurred. John Carroll, 8-12 for the season, knocked off St. Francis (Pa.)—the team that surprised high-ranked Duquesne earlier and had topped John Carroll 115-94 a week ago. And Drake surprised Detroit 93-86 despite Guy Sparrow's 33 points that set a Drake field house record.

George Washington, defending Southern Conference champ, stayed within reach of a repeat with its victory, but the Colonials made the mistake of underrating Furman.

Darrell Floyd, top scorer in the nation, joined Fred Fraley in a shooting exhibition to pull Furman into a 46-39 lead after seven minutes of the second half, and it was only the great floor work of 6-5 Joe Petcavich that enabled George Washington to rally.

Iowa, Purdue Set For Duel On TV

IOWA CITY, Iowa (P)—The Iowa Hawkeyes passed their semester classroom exams in stride this week but a flunk in Saturday afternoon's basketball test would keep them from the head of the Big Ten class.

Purdue, in last place, comes to Iowa City for the seventh in the conference's nationally televised basketball series at 3 p. m.

An Iowa victory would give the Hawkeyes a 5-2 conference record and half interest in first place with Minnesota. The Gophers are idle Saturday.

Otto Graham Shuns Wildcat Coaching Job

EVANSTON, Ill. (P)—With Otto Graham reportedly eliminating himself as a candidate, the way appeared cleared today for a rush of applications for the head football coaching job at Northwestern.

Bob Voigts, 39, yesterday abruptly resigned after an eight-year tenure as coach of his alma mater. He declared his action was prompted "for the good of the University" because of criticism of his work.

His contract was to expire in September 1956.

Voigts' Northwestern teams won only one Big Ten game in the last two years, defeating Illinois 20-7 in the 1954 finale.

Soon after Athletic Director Ted Paysour accepted Voigts' resignation there was a wave of alumni enthusiasm for offering the post to Graham, the one-time Northwestern star who announced his retirement from pro ball six weeks ago after a fabulous career as quarterback of the Cleveland Browns.

Graham, however, reportedly withdrew from consideration by this statement from a vacation spot in Delray Beach, Fla.:

"I am not available for any football coaching job, anywhere."

Texas College Eyes Lush Oil Payments

HOUSTON, Tex. (P)—Rice Institute's athletic department soon may be receiving income from what is believed to be a multi-million-dollar oil field discovery.

A Limestone County wildcat was completed last week with a daily flow of 964 barrels of oil. Other wells are to be drilled.

A group of Houston oilmen acquired leases on the property seven years ago. Three 32nds of any income was earmarked for special Rice Institute projects, with the athletic department to receive first consideration. Since then, the Southwest Conference school has constructed a 70,000-seat stadium and a 6,400-seat field house.

Kid Gavilan Faces Severe Test In Bout

NEW YORK (P)—Kid Gavilan, the known quantity in so many fights, plays the role of Mr. X tonight at Madison Square Garden in his bout with slugger Ernie Durando.

Nobody knows how much the Cuban has left, whether the cement jaw that absorbed the toughest punches in 17 fights has begun to crumble. It remains to be seen if the mamba routine and the three-day chores of a dancing M. C. have taken their toll from his legs.

Gavilan and Durando, a crude puncher from Bayonne, N. J., don't belong in the same ring if Gavilan is the Gavilan of old. The former welterweight champion always had too much speed, boxing skill and ring savvy for Durando, whose style could be summed up in one word—punch.

NBC will broadcast and televise the fight at 10 p. m.

The odds favoring Gavilan at 1 to 3 indicate that expert opinion still thinks they don't belong in the same ring. Still, Gavilan's unimpressive fights against Bobo Olson and Johnny Saxton, plus a three-month layoff, hardly justify unlimited faith.

Durando has the punch to drop Gavilan, or anybody else. The only problem is landing it. Always a threat but seldom actually dangerous against a good boxer, Durando could hit the jackpot if Gavilan gets too careless. He has knocked out 28 opponents while compiling a 39-18-4 record for 61 bouts since 1946.

Marietta Trips Wooster, 63-61

COLUMBUS (P)—Marietta's 63-61 victory over Wooster in the final Ohio Conference struggle highlighted Buckeye college basketball action Thursday night.

Marietta and Wooster, each entering the game with 5-0 records in the sprawling OC, went at it hot and heavy. The score was tied five times during the game, and in the last half alone the score changed hands a dozen times. Marietta forward Mark (Buz) Davis netted 19 points and was high scorer.

31-Game Card Ahead For Ohio Colleges

COUMBUS (P)—A 31-game schedule, featured by 16 interstate contests, faces Ohio's collegiate basketballers this weekend.

Heavy interest centers around Western Michigan's invasion of Kent State Saturday. The Michigan club trounced Marshall 89-75 Tuesday night, averaging a 79-50 loss to the Thundering Herd, to move into second place in the rugged Mid-American Conference.

Miami leads the loop with 7-2, and meets Toledo at Oxford tomorrow night, but a pair of wins could move Western Michigan to an 8-3 record, just a notch off the pace if Miami wins, and good for first place if the Rockets upset the Redskins.

Cincinnati's Bearcats, fourth in the state with a 15-3 mark, meet Sienna tonight in one of the inter-sectional frays. Other scraps with out-of-state goers are MIT at Oberlin, Rio Grande at Belmont (Nashville, Tenn.), and Bluffton at Indiana Tech tonight; and Indiana at Ohio State, John Carroll at Seton Hall, Wilmington at Centre, Xavier at Spring Hill (Ala.), Rio Grande at Austin Peay (Tenn.), Hiram at Grove City, Central State at Kentucky State, Duquesne at Bowling Green, and Millersville (Pa.) at Steubenville Saturday night. John Carroll meets Iona in New York Sunday.

Kluszewski Gets Large Wage Boost

CINCINNATI (P)—Ted Kluszewski, the National League's 1954 runs batted in and home run champion, has signed his 1955 contract with the Cincinnati Redlegs for what General Manager Gabe Paul said was "a large raise in salary."

No figures were given, but it was estimated the big first baseman will be paid somewhere between \$3,000 and \$50,000.

Kluszewski's salary last year was reported to have been the largest ever paid a Redleg player.

"The raise," Paul said, "was not only predicated on his wonderful hitting record but also his development as an all-around player."

We are going to go all out in an effort to improve our pitching. I think much headway can be made in that direction this year by the hurlers now on the club. When we opened our training camp last spring, Fred Bewske was the only pitcher on the club who figured to be a regular starter. Now we go into training this year with Nuxhall, Valentine and Fowler definitely regarded as starters. I don't know who will be our other starters but we have numerous possibilities. We'll find out about all of them during spring training when we'll have lots of games, with two squads playing on many days.

Right now it appears our No. 1 relief pitcher as successor to Frank Smith, whom we traded to St. Louis, may be Klippstein or Jerry Lane. The latter, up from Chattanooga, impressed me last fall as a fellow likely to be a also will work frequently in that role. Little Jackie Collum may be our top southpaw fireman but he will also start now and then.

On the overall league picture, Brooklyn, New York and Milwaukee have the depth, the pitching and the strength to be rated highly but none of these clubs can afford unfortunate accidents to key men and still win.

PHILADELPHIA (P)—Dean Dugger and Jerry Krisher, two members of the 1955 Ohio State Rose

Tebbetts Says His Redlegs Should Be Big Power--If

By BIRDIE TEBBETTS
Manager Cincinnati Redlegs

NASHUA, N. H. (P)—Our Redleg team should be a powerful run-scoring team. If our younger ball players produce, we should be in contention all the way. Any one of six teams has a chance to win the pennant in 1955. Cincinnati is one of those teams.

AT BIG SAVINGS

- 1948 BUICKS, we have three to choose from. The 1948 Buick gives you extra wide safety rims, enabling the driver to keep the car under control in the event of a blowout or puncture.
- 1950 GUICKS, a choice of three, increased roominess is accomplished with a reduction in overall length (204"). There is ample leg room and headroom, both front and rear, in these cars and they are easily maneuvered and parked.
- 1951 BUICKS, a choice of two, equipped with two-level heating, an abundance of heated air, and a high speed blower, you control the weather inside the car and quickly dispose frost and ice from windows. An automatic thermostat maintains desired temperature.
- 1953 BUICKS, a choice of three. All silent synchro-mesh transmission on the specials and the twin-turbine dynaflo, on the super. This new dynaflo with two turbines gives faster acceleration, more power, and greater economy. No clutch pedal to push in, this simplest of all fully automatic transmissions.

Pie Eaters Out For Marion PTO

Business Session Precedes Program

The turnout for Thursday night's meeting of the Marion PTO was cut by the cold and slippery roads, but those who did go to the school on the Waterloo Pike went home happy and stuffed with more juicy cherry pie and thick whipped cream than they should have eaten. Many of them also took pie with them for another day because there was "just more good pie than we could eat."

The pie-eating orgy wound up a meeting that was opened by devotions led by Mrs. Naomi Reif. Mrs. Stanley Graumlich, the president, conducted the business meeting.

After routine report by the secretary-treasurer, Mrs. Richard Snyder, the president announced that Mrs. Andrew Hutton and Mrs. Ralph Hopper would be the advisors for the Marion Circlettes, a 4-H club sponsored by the Marion School PTO. There were 14 girls enrolled in the club at the start, but indications were that the list would grow.

The devotional leaders for the next three months were appointed: March, Mrs. Harold Pope; April, Mrs. Lauren Brackney and May, Mrs. Wayne McArthur.

There was considerable discussion of the March meeting program which is to be highlighted by a talent show by the pupils. Mrs. John Rhoads, the music teacher, is to direct the presentation.

ROOM MOTHERS for February were named: first and second grades, Mrs. Alvin Writsel and Mrs. Shannon See; third, fourth and fifth grades, Mrs. Ben Hook and Mrs. Martin O'Call; sixth, seventh and eighth grades, Mrs. Elmo Purdum and Mrs. Roy Wilson.

The PTO is to serve lunch at two public sales this month and committees for each were named: Four Star Hereford Sale at the Fairgrounds on Feb. 12, Mrs. Purdum, Mrs. Reif, Mrs. Writsel and Mrs. Graumlich and for the Fannin & Woods sale on Feb. 17 the committee is made up of Mrs. O'Call, Mrs. Lloyd Cartwright, Mrs. Earl Allison and Mrs. Cecil Knisley.

A motion to pay the expenses (dinner ticket) of the unit's three officers for the Achievement Day and banquet at the Country Club here Mar. 26 was approved. Officers of PTO units throughout the county and the teachers in the county schools they represent are to go to this affair.

On the social committee for March were named Mrs. George Trimmer, Mrs. Harold Pope and Mrs. Brackney.

For the program that followed the business session, Mrs. Roy Wipert described the "Wonders of the World as Seen Through the World Books." The Marion PTO bought a set of these World Books for school use.

After hearing about the wonders of the world, those who braved the cold night went to work on the cherry pie and whipped cream that every mother had brought to the meeting.

'Unloaded' Gun Kills Boy, 7

PORTSMOUTH (AP) — Dr. James Scott, Scioto County Coroner, has ruled the gunshot death of Allen Kapp, 7, an accident.

Scott said the boy's brother Elmer, 8, yesterday aimed his father's shotgun at Allen and pulled the trigger. Dr. Scott quoted their father, Earl Kapp, as saying the boy did not know the gun was loaded.

Courts

TAKEN TO WORKHOUSE

Harvey Shoemaker, on a suspended sentence for failure to provide for minor children, was Friday taken to the Cincinnati Workhouse to begin a six months term. A warrant of commitment was issued by Judge Case when Shoemaker failed to comply with the order of the court.

There are now eight persons serving time in the Cincinnati Workhouse after having been sentenced by Judge Case.

ADMINISTRATRIX NAMED

Sarah J. Griffith has been named administratrix of the estate of Orin M. Griffith, and furnished \$2,000 bond.

HEARING DATES FIXED

Judge John P. Case, in probate court, has fixed Feb. 16 for hearing inventories and appraisements filed in the Jeanette Wilson and Ruth J. Philbrick estates. Hearing on an inventory and appraisal filed in the Arminta Pollock estate has been set for Feb. 15.

MARRIAGE APPLICATIONS

Gordon Arthur Lynch, 53, barber, Bloomingburg, and Olive Louise McIntosh, Bloomingburg.

Donald Allen Johnson, 24, farmer, route 5, and Ludene Inez Bonduant, 18, clerk, city.

Court Room Warmed Up

The common pleas courtroom where Jack Southward is on trial for the murder of his wife, had been very chilly part of Wednesday and brought complaints of prospective jurors, but it was "toasty" warm Thursday and again Friday.

The thermostat located in the auditor's office had been adjusted at the request of Judge John P. Case, so more heat would be available on the upper floor of the Court House. At 11 A. M. Friday the temperature was 77 degrees in the courtroom.

There has been a dearth of spectators during the preliminary days of the trial, at no time have the seats all been filled with spectators.

No loitering about the corridors outside has been permitted, and in fact no loitering in groups has taken place.

There has been perfect order in the courtroom at all times, and the case is proceeding with due dignity.

\$10 Million Gas Pipeline Planned

CLEVELAND (AP)—East Ohio Gas Co. said today that "as soon as weather permits" it will begin construction of a \$10 million gas pipeline between Maumee, near Toledo, and Richfield.

The 30-inch, 12-mile pipeline will bring an additional 100 million cubic feet of gas daily to Cleveland and Northeastern Ohio from Texas and Kansas. The pipeline gas is stored in underground tanks in Summit and Stark counties and then drawn upon for winter peak periods.

15 Excused Out of 50 on Third Venire

When the fifth day of the trial of Jack Southward, accused of the murder of his wife, Ruth Coil Southward, at their home here Sept. 8, got under way in common pleas court, only 35 of the original 50 prospective jurors were left in the third special venire that has been drawn.

From the time the venire was drawn at noon Thursday until the opening of court Friday morning, 15 of the 50 on the list had been excused; the reasons for the excuses ran all the way from illness to absence from the county.

Of the 75 drawn for the original venire, 27 were excused for cause before they were called and of the 35 drawn for the second special venire, 10 were excused for an assortment of reasons by the court.

Excused from the third venire that was drawn Thursday noon were:

Nancy Hartman, Paint Township; Ralph M. Minton, Jasper Township; Martha B. Braun, Third Ward; Otis Hess, Second Ward; Ross Glaze, Jefferson Township; A. O. Clark, First Ward; Clyde Carman, Union Township; Richard E. Whiteside, Fourth Ward; O. L. Brown, Jasper Township; Goldie Miller, Jasper Township; Leo Craig, Wayne Township; Naomi H. Graves, Second Ward; Fern Kearney, Bloomingburg; Porter Campbell, First Ward; and Mina Gidding, First Ward.

Central U. S. Gets Stormy, Cold Weather

CHICAGO (AP)—Stormy weather, with rain, sleet and snow and strong winds, swept over wide areas in the central part of the country today as a cold wave in the East moderated a little.

A storm center which centered in Texas spread precipitation over much of the Plains States. The showers and thunderstorms in Texas changed to freezing rain and sleet across southeastern Kansas and parts of Missouri. It was sleet and snow northward all the way to the Dakotas.

The snowfalls mounted steadily across much of Kansas, Nebraska, the Dakotas, Wyoming and north-eastern Colorado.

It was still cold in most of the East but not so cold as yesterday. Boston was 11 degrees warmer with a reading of 13 above while Burlington, Vt., was 24 degrees warmer with an early morning low of 5 above. New York City, which had its coldest day in seven years with zero temperatures yesterday, reported 9 above.

It was below zero in many up-state New York cities, including 13 in Watertown, -7 in Massena, -4 in Utica and -2 in Albany.

The Old Home Town

Proposed State Ban Aimed At Secret School Societies

COLUMBUS (AP)—Stay out of secret societies if you want to stay in high school.

That's the meaning for students in a bill pending before the Ohio House of Representatives.

Rep. William L. Manahan (R-Defiance), a former teacher, introduced the measure yesterday before the Legislature adjourned until Monday night.

Present law carries a \$10-25 fine for membership in such organizations but Manahan said the statute is too weak to enforce.

His proposal would give school officials power to expel pupils 30 days after ordering them to quit secret societies.

MANAHAN'S measure carried exemptions for existing youth organizations identified with adult service or fraternal groups and those approved by the state board of education.

Manahan heads the Ohio School Survey Committee that studied education problems for the Legislature for more than a year. Committee recommendations included tightening the ban on secret groups.

Republican leaders again expressed agreement with Democrat Gov. Frank J. Lausche's stand against more taxes.

Lausche said increased school and poor relief needs would require \$9 million more than appropriated for the two-year period ending June 30. He urged appropriation of the money from an anticipated \$40 million state surplus.

The governor reported an extra \$46 million would be needed in the next two years for those purposes on the basis of current spending. He warned against unnecessary appropriations.

"If new or expanded expenditures are created by legislation," Lausche said, "we might as well take warning and recognition that

new taxes will be required. I am firmly of the belief that new taxes ought not to be imposed."

Senate Leader C. Stanley Mechem had this to say:

"It is apparent that the expected income for the next biennium will not be sufficient to satisfy all of the demands for more funds that have already been requested or will be requested."

Talent Show All Set For Good Hope PTO

Pupils of the Good Hope schools are going to put on a talent show as the feature of the program at Monday night's Parent - Teacher Organization meeting that is slated to start at 8 o'clock.

The show was arranged as a sort of preliminary for the Achievement Day talent show that is to be held later on. The pupils selected as the best at the Monday night performance are to represent the Good Hope schools at the Achievement show.

The judges for the Monday night show are to be Mrs. George Pensyl, Mrs. Marcus Prosch and James Lockary.

On the program committee are Mrs. Walter Orr, Mrs. C. H. Goldsberry and Mrs. Ernest McAllister and on the refreshments committee are Mrs. Francis Osborn, Mrs. Ralph Jones, Mrs. Glenn Whiteside, Mrs. Jack Mastin, Mrs. Waldo Purdum and Mrs. Wayne Forsythe.

A sidelight on that refreshments committee: Mrs. Mastin is the French girl who came to the United States soon after the end of the war and was married to Jack Mastin in St. Andrew's Episcopal Church here in a simple ceremony one rainy spring night by Rev. D. J. Macdonald, the rector. Mrs. Mastin has become a part of the community in which she lives now and participates in the affairs of the school and its PTO.

Air Force Photos No Longer Free

DAYTON (AP) — Youngsters who write the Air Force for airplane pictures are going to have to include 55 cents for each photo.

Officials at Wright - Patterson AFB, who get about 150 such requests monthly, say a new regulation requires officers to charge that amount for each picture.

Up to now the Air Force has handled these request without charge, and even added information. For example, one youngster who wanted a reservation on the first space flight was told:

"This is in the realm of the future. There is no reservation list being made up at this time. Such information will continue to be given out free of charge."

Eighteen American states produce iron.

Somewhat Warmer Temperature Looms

Somewhat warmer weather is looming over the week end starting Friday night.

This is the forecast held out following the latest sharp drop in temperature.

The low point Thursday night was 9 above zero, and the previous night it was 8 above zero.

The peak Thursday afternoon was 22 degrees, and this mark was expected to be exceeded by several degrees Friday afternoon.

In the meant time part of the ice and snow which had been on the ground several days, remains with indications it would be melted over the weekend.

Sabina Citizens Seek Referendum

SABINA, Feb. 4—Seven petitions containing a total of 122 names asking for a referendum at the Nov. 8 election on sale of the Sabina power plant to The Dayton Power and Light Company, have been filed with the Clinton County Board of Elections.

In the meantime a committee named by Mayor Jesse E. Henson, as result of a public meeting held recently, is active.

A complete investigation is to be made by the committee. The big problem is whether to retain and modernize the present plant, or sell it at a price said to be \$250,000 and buy power.

Thomas Edison created his first electric light company in 1878.

Men's Night Is Held By PTO at Wilson

The Wilson Parent-Teacher organization held its men's night program Thursday evening at the school. The men ran the meeting, presented the program and served refreshments.

Jim Westendorf, the vice president, led the meeting. The main items of business were decisions to buy records for the school phonograph and three new globes to aid in geography classes. A committee was also appointed to investigate the cost of installing a shuffleboard in the school. Members are Ralph Bray and Dr. W. H. Limes.

The group also decided to send the officers to the county achievement meeting in March.

A skit was presented in which the men donned the robes of judge and jury and "Persecuted" members of the audience. On the program committee were Charles Calender, Dewey Huffman, Mac Dews, Jr. and Dale Smith.

At the close of the meeting, refreshments were served in the school cafeteria.

The next meeting will be March 3.

A meteorite is simply a meteor that hits the earth.
